- I do intend to borrow federal student loans and/or pursue a TEACH Grant.
 - I will submit a Physician Certification to verify my eligibility (see below).
 - I have a Physician Certification on file from a prior year.

Physician Certification

Please provide a signed certification on letterhead from a legally licensed physician attesting that your condition has improved and that you have the ability to engage in *substantial gainful activity*.

*For FAFSA purposes, the phrase "*substantial gainful activity*" means a level of work performed for pay that involves doing significant physical or mental activities or a combination of both.

Acknowledgement & Signature – Please initial and sign

_____ I acknowledge that a new Title IV loan or TEACH Grant service obligation cannot be discharged in the future on the basis of any impairment present unless that impairment substantially deteriorates and I am once again totally and permanently disabled.

_____ If I request a new loan or TEACH Grant during the post discharge monitoring period, I must also resume payment on the old loan before receipt of the new loan or TEACH grant. If the loan on which I must resume payment was in default when it was discharged, it remains in default upon reinstatement, and I must make satisfactory repayment arrangements before receiving the new loan, in addition to meeting the other requirements described.

A borrower who received a TPD discharge based on a determination from the VA that he is unemployable due to a service-connected disability is not subject to a monitoring period and is not required to resume payment on the discharged loan as a condition for receiving a new loan. But he must still provide the physician's certification and borrower acknowledgement described above.

I certify that the information I have reported for federal student aid is complete and accurate. I understand that additional information may be required if this form is incomplete. Your signature certifies that you have understood the information provided above.
